TECHNICAL DATA SHEET

pbsinternational

GENERAL DESCRIPTION		
Bag Type	PBS 3DM15.30.15 Mini Pollination Bag	
Manufacturer	PBS International Ltd	
Description	 Smallest, windowless, 3D bags constructed with a gusset to provide extra capacity, increasing the space to minimise contact between the plant and the bag. duraweb®, the unique material that our products are made from, is much stronger than paper or plastic and is durable in rain and windy conditions. The advanced breathability of duraweb® creates an environment inside the bag that minimises humidity and high temperatures far more effectively than paper or plastic bags. It halts unwanted pollen, reduces contamination and increases seed yield. 	
Country of Origin	United Kingdom	
HS Code	HS 392329 90 0	
Storage	Store in cool, dry conditions	
PRODUCT DATA		
Dimensions	Pollination Bag: • Length: 30cm • Width: 15cm • Depth: 15cm	Observation Window: None
Materials	Pollination Bag: non-woven polyester	
Colour	White
